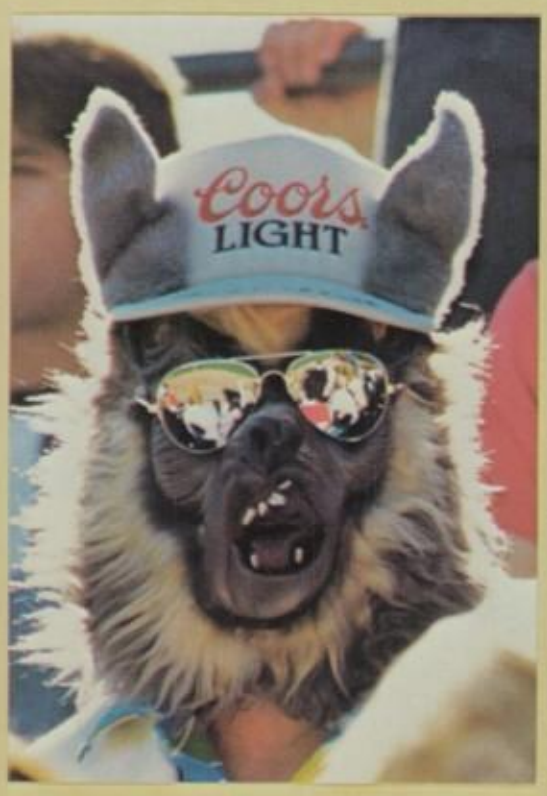
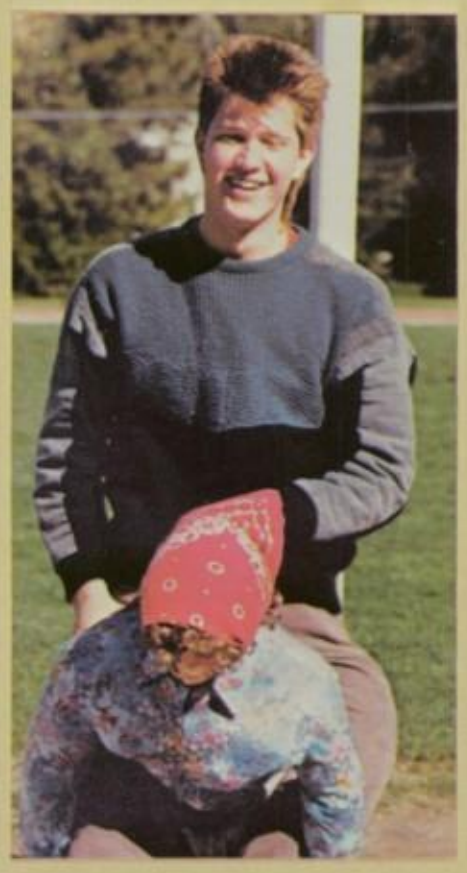
TRICK OR TREAT

Halloween in these modern times allows no ghosts, goblins, or witches to be seen. The Carlmont Halloween Costume Contest produced three winners this year: Eric Gallagher placed third as somebody's crazed aunt, capturing second was Karl Klemmick as (not mentioning any names) the volleyball coach, and for first place, Matt Campagna stole the scene as "the guy who needed a ride" on his grandma.



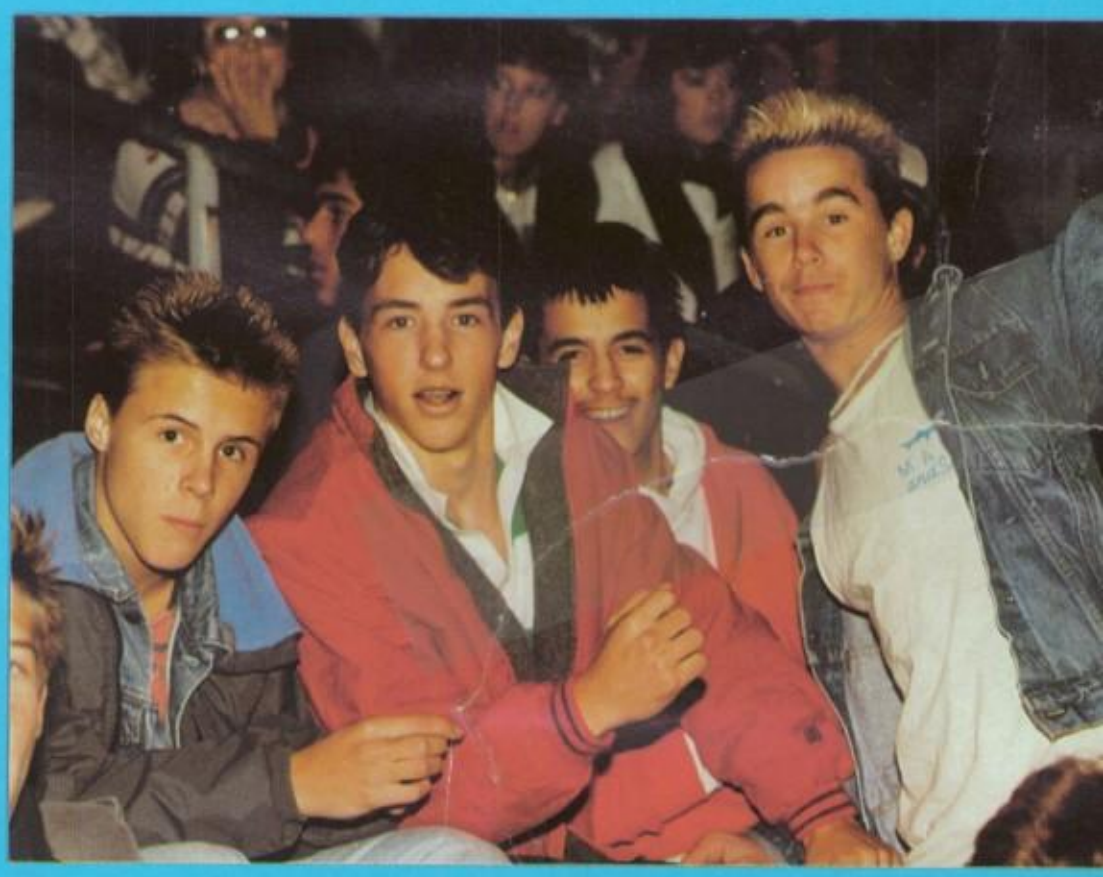


HOMECOMING WEEK

In the midst of yells and screams booming across the cheering sections of the gym and continuous waves of sleekish dancers, excited cheerleaders, and rousing renditions from the Carlmont band, the classes competed at the Homecoming Rally for the most-important value of pride.

With an "Asian Invasion" banner reading "Wok the Wildcats", the Sophomores captured first place in this artistic event and the Seniors' harsh cries of their "Wildcatastrophe" won them a first in the yell competition. This rally was the beginning of the number of events in Homecoming Week that would more or less decide which class would dominate in the race for distinction among the many.

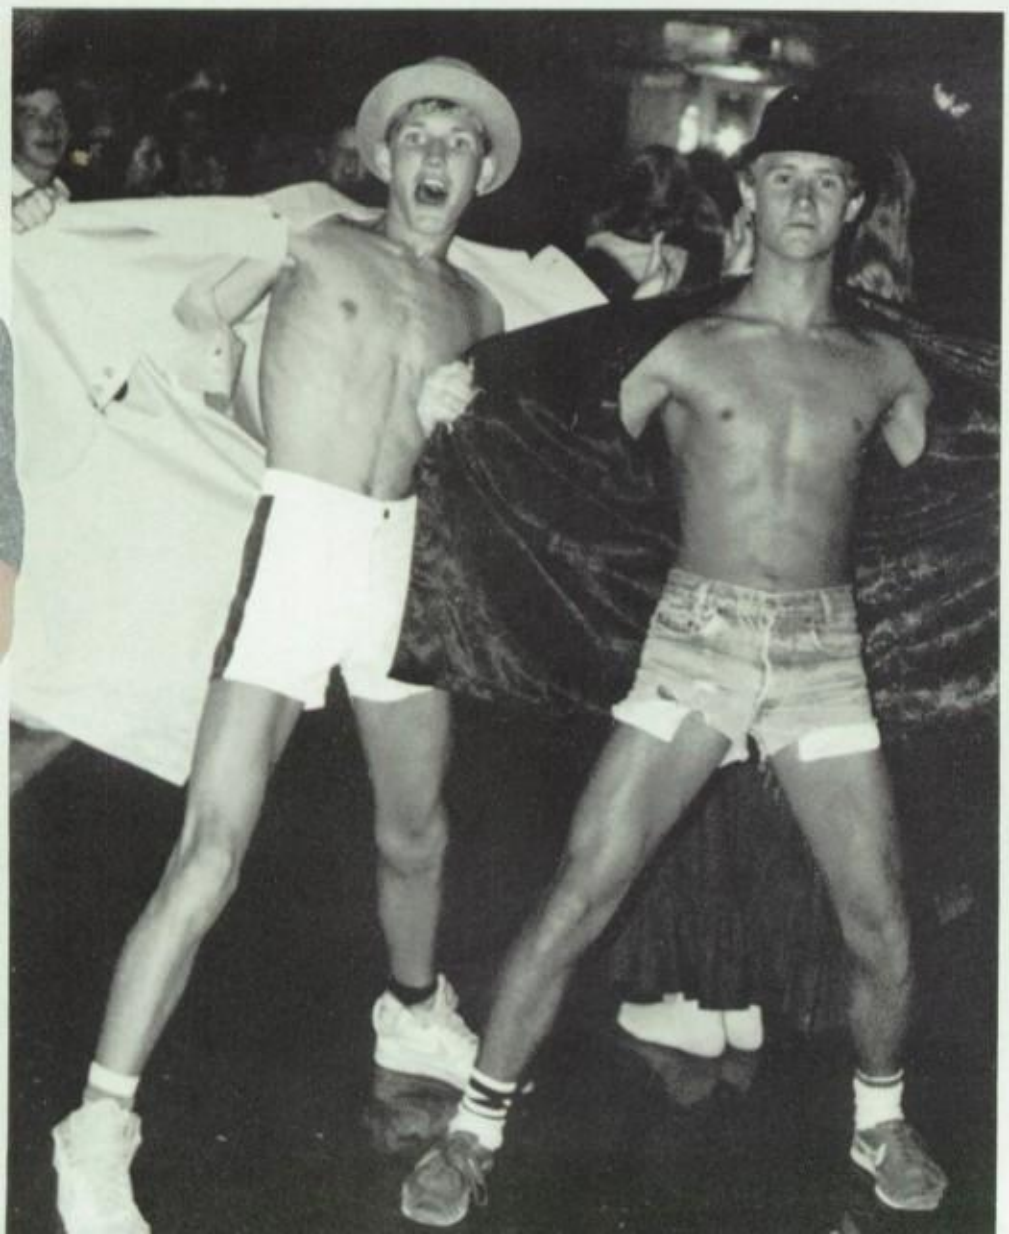
Because the Homecoming Dance was on Halloween the week before, it gave everyone the chance to put all their energy into supporting the Carlmont football teams at the Homecoming Game against Woodside. A long awaited event but finally here, the float competition sprang up at halftime with a parade of multicolored spectacles; but the Juniors' "Tame the Wildcats" was the final victor. Our Varsity football team's solid victory and the reminiscence of the fun we'd had that week declared all the work done by the class commitees and our Varsity football team a resounding success!

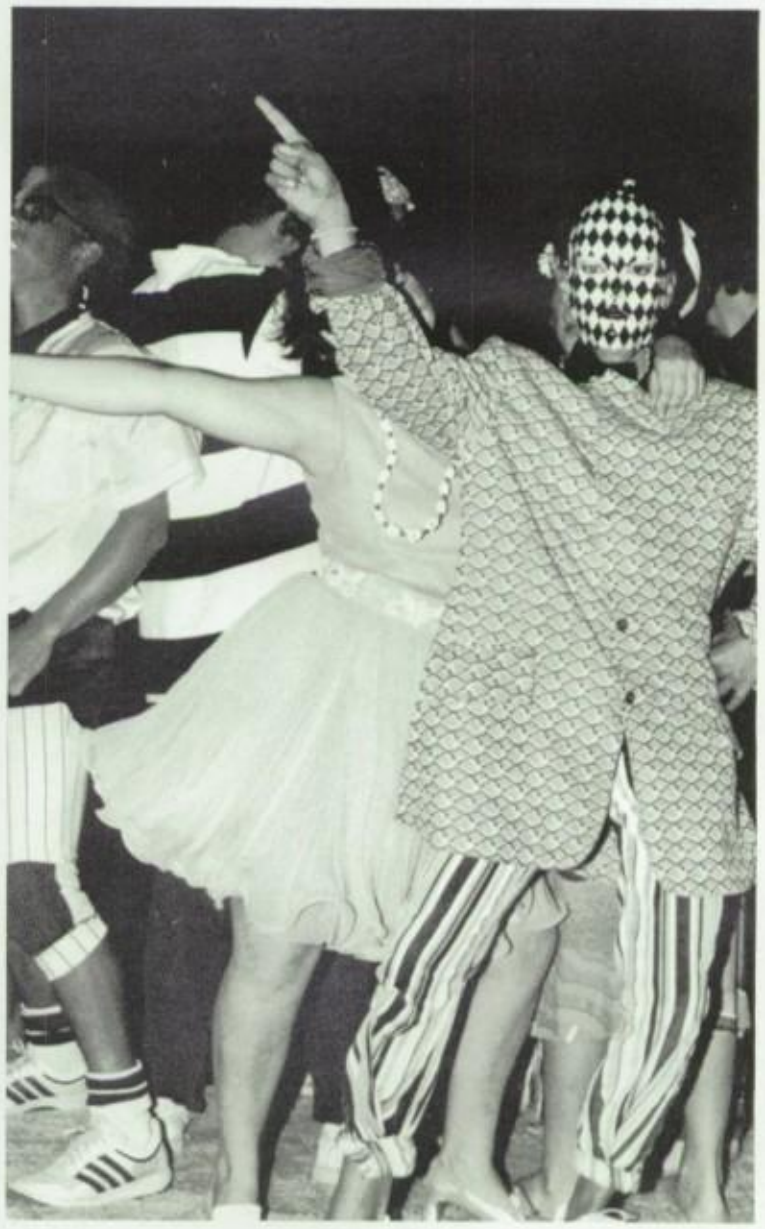


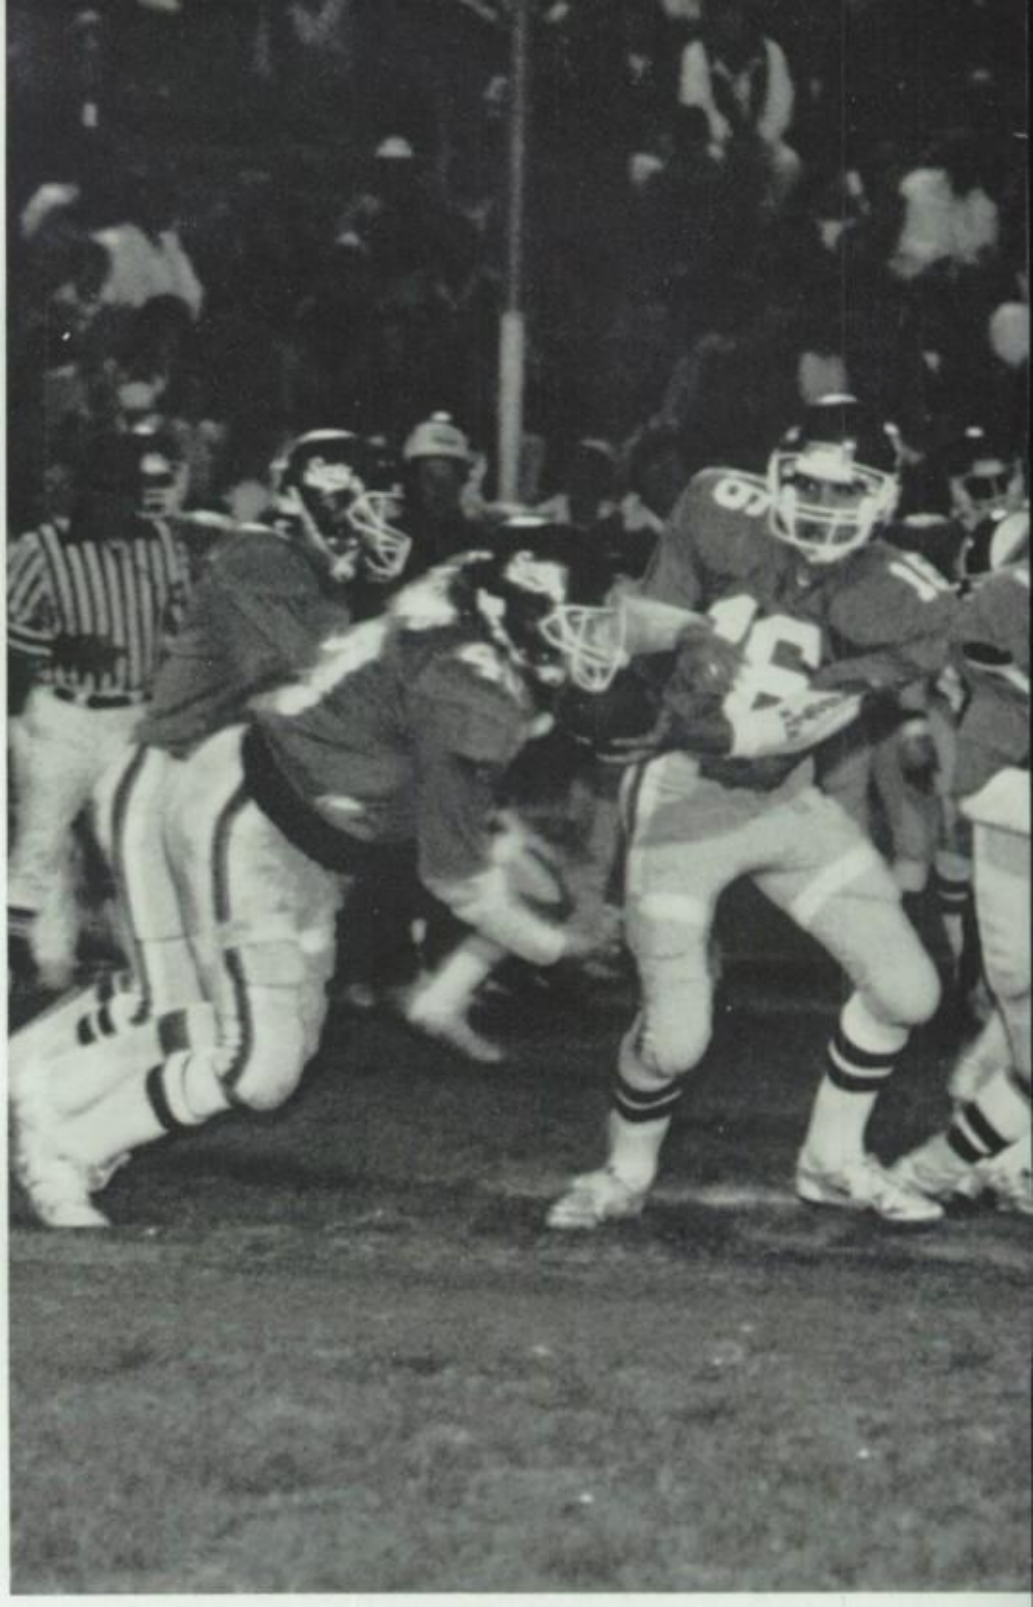
A New Look

At the Homecoming Dance this year, the traditionally formal garb was traded in for wacky attire and original Halloween costumes. Crowned as this year's Homecoming King and Queen, Chris Westcott and Karen Kauffold took the honors of heading our royal court. The Junior class elected Scott Retchless as their Prince while Suzy McCarthy and Erica Jones tied as their Princess. As for the Duke and Duchess, Matt Hermon and LaShawn Williams represented the Sophomores, and Charlie Hatcher and Christine Damante became the Freshmen' Lord and Lady. In spite of all this glamourous royalty, everyone had a wild time doing the Hokey Pokey, dancing to all kinds of music, and just plain enjoying themselves.

TPS







Homecoming Game

Remember that chilly night on the 7th of November when the Varsity football team stomped over the Woodside Wildcats? After a very long Junior Varsity game, the fans were in want of something to cheer for. The Varsity team gave them that something by taking the lead.

Spirits were running high both on and off the field. The excitement of the many fans in the stands was heard and felt by the players. As half-time approached, the Homecoming floats were being prepared for their showing. The band was blasting their tunes to add to the cheers of the four classes as the floats passed by.

All these things along with the Varsity team's win contributed to the success of the last day of Homecoming Week.

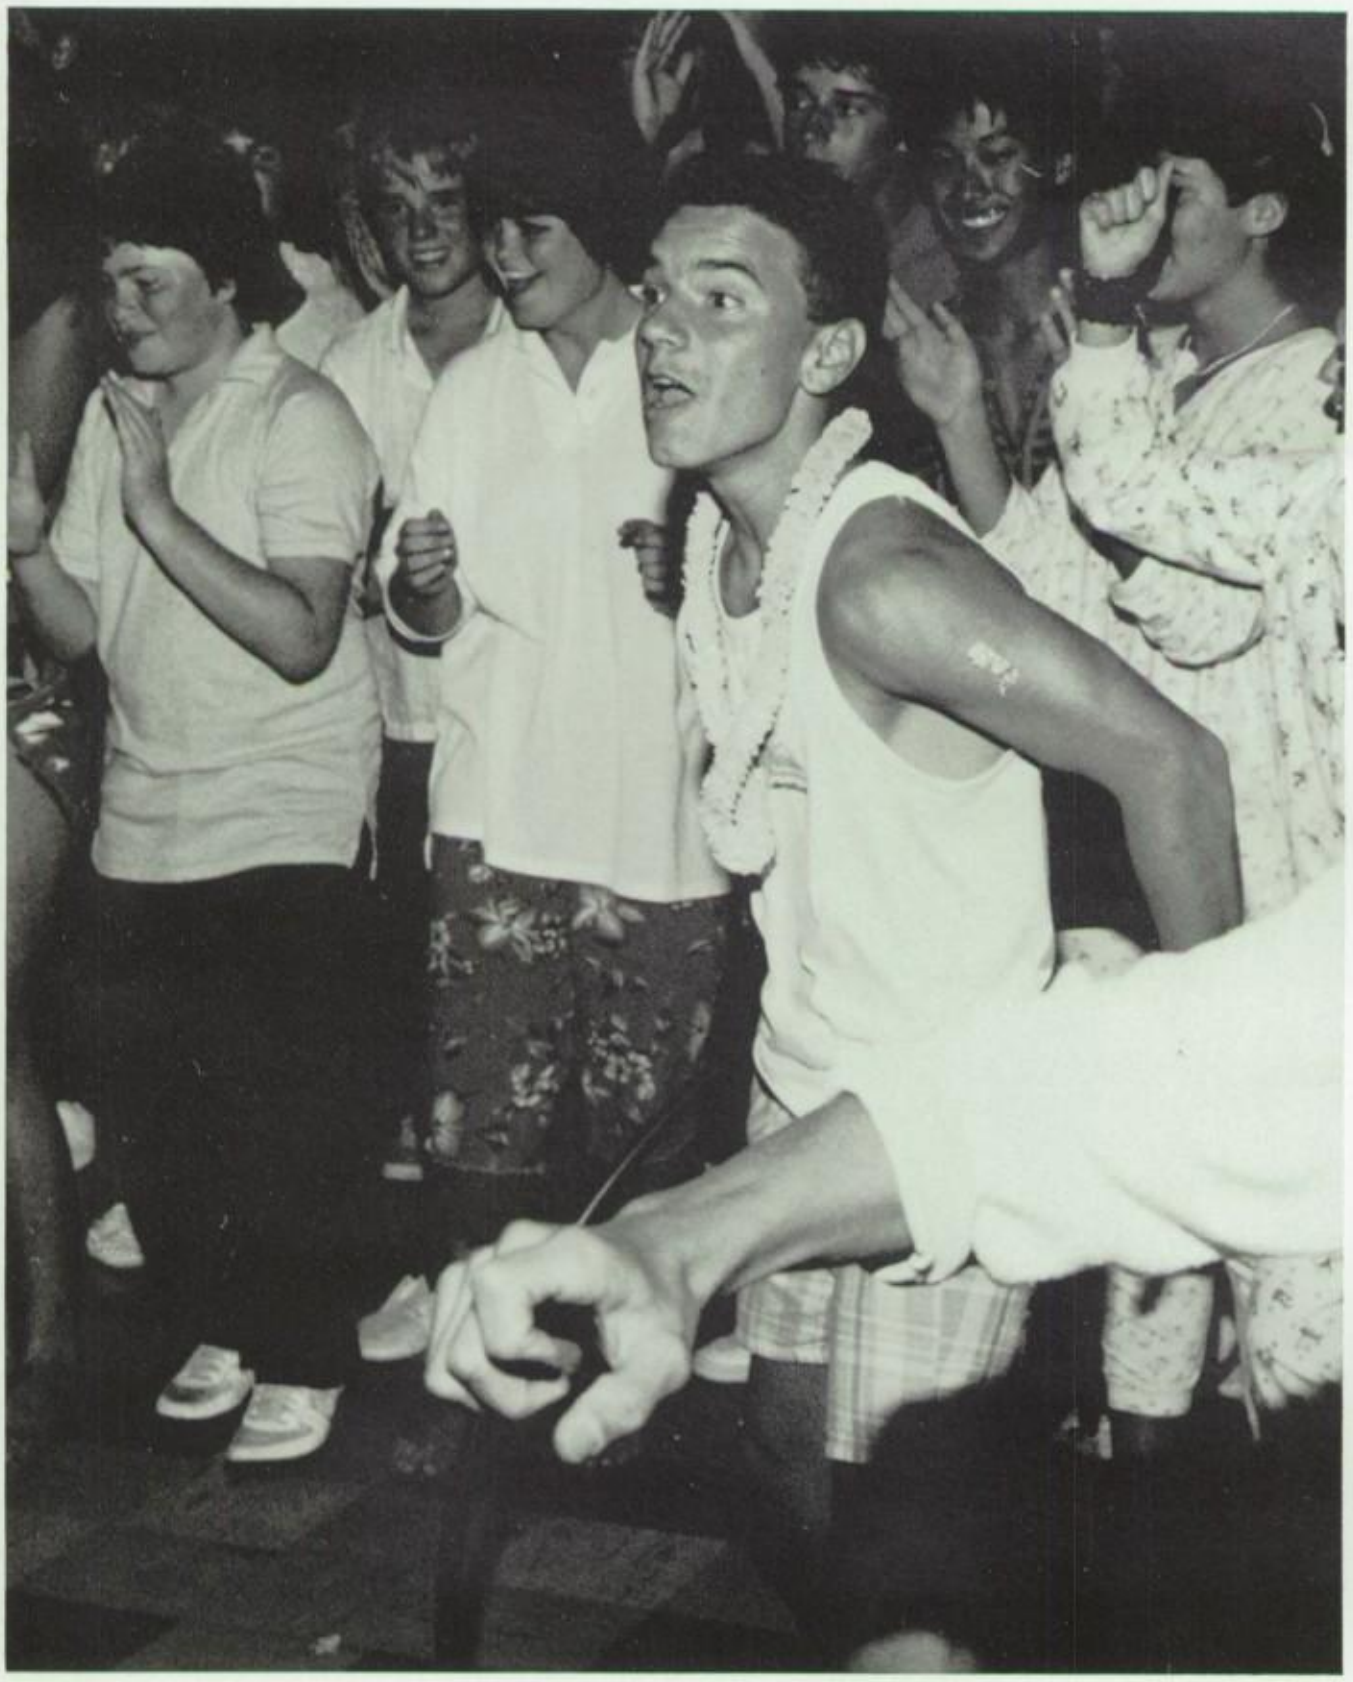
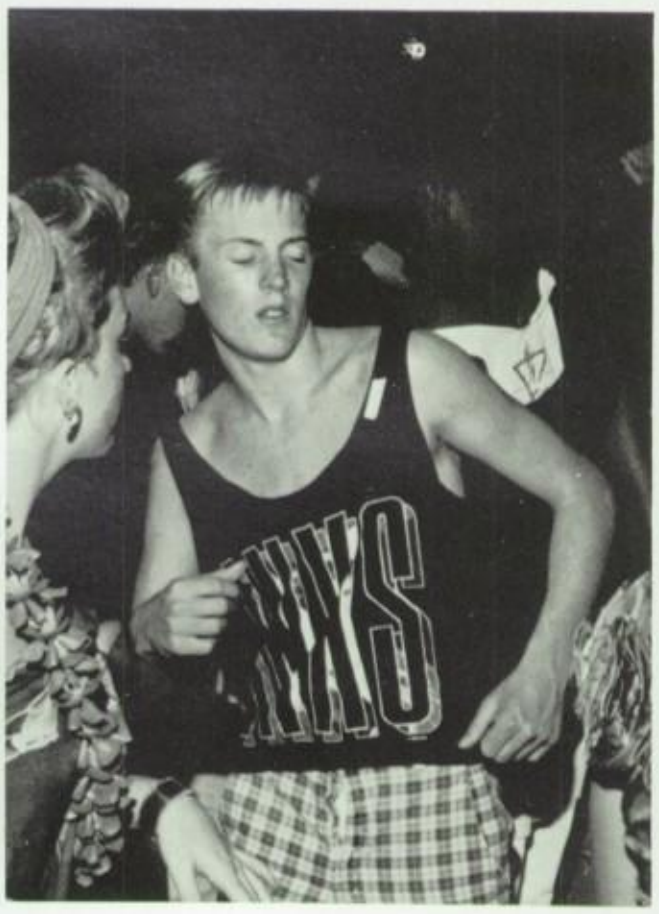
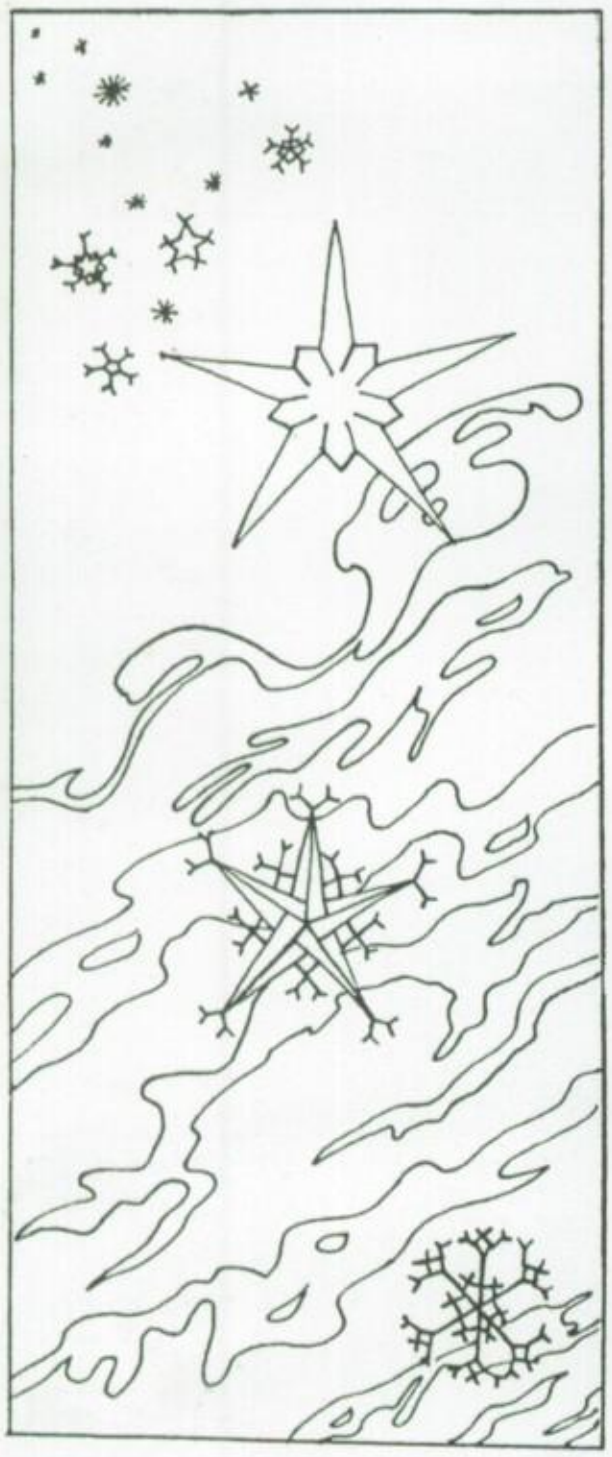
ALOHA DANCE







Christmas Formal

'Twas the eve of vacation,
When all through the school
Not a student was dancing,
Except by the pool.
The gym was all lit,
Decorated with care,
In hopes that the holidays
Soon would be there.
The dresses were gorgeous,
The men all in ties;
One breathtaking look at them
brought many sighs.
And soon they arrived
And retired their shoes,
They boogied it down
All coupled in two's.
When slow dances came,
They'd sway all around
To tunes and the music
Of Paragon Sound.
And when they were tired
They'd all just sit back,
Then jump up and dance
in a big jumbled pack.
At this noble dance
They had quite a time
And treated their guests
Like royals sublime.
Though vacation was still
A whole week away,
It already felt like
It was on that day...

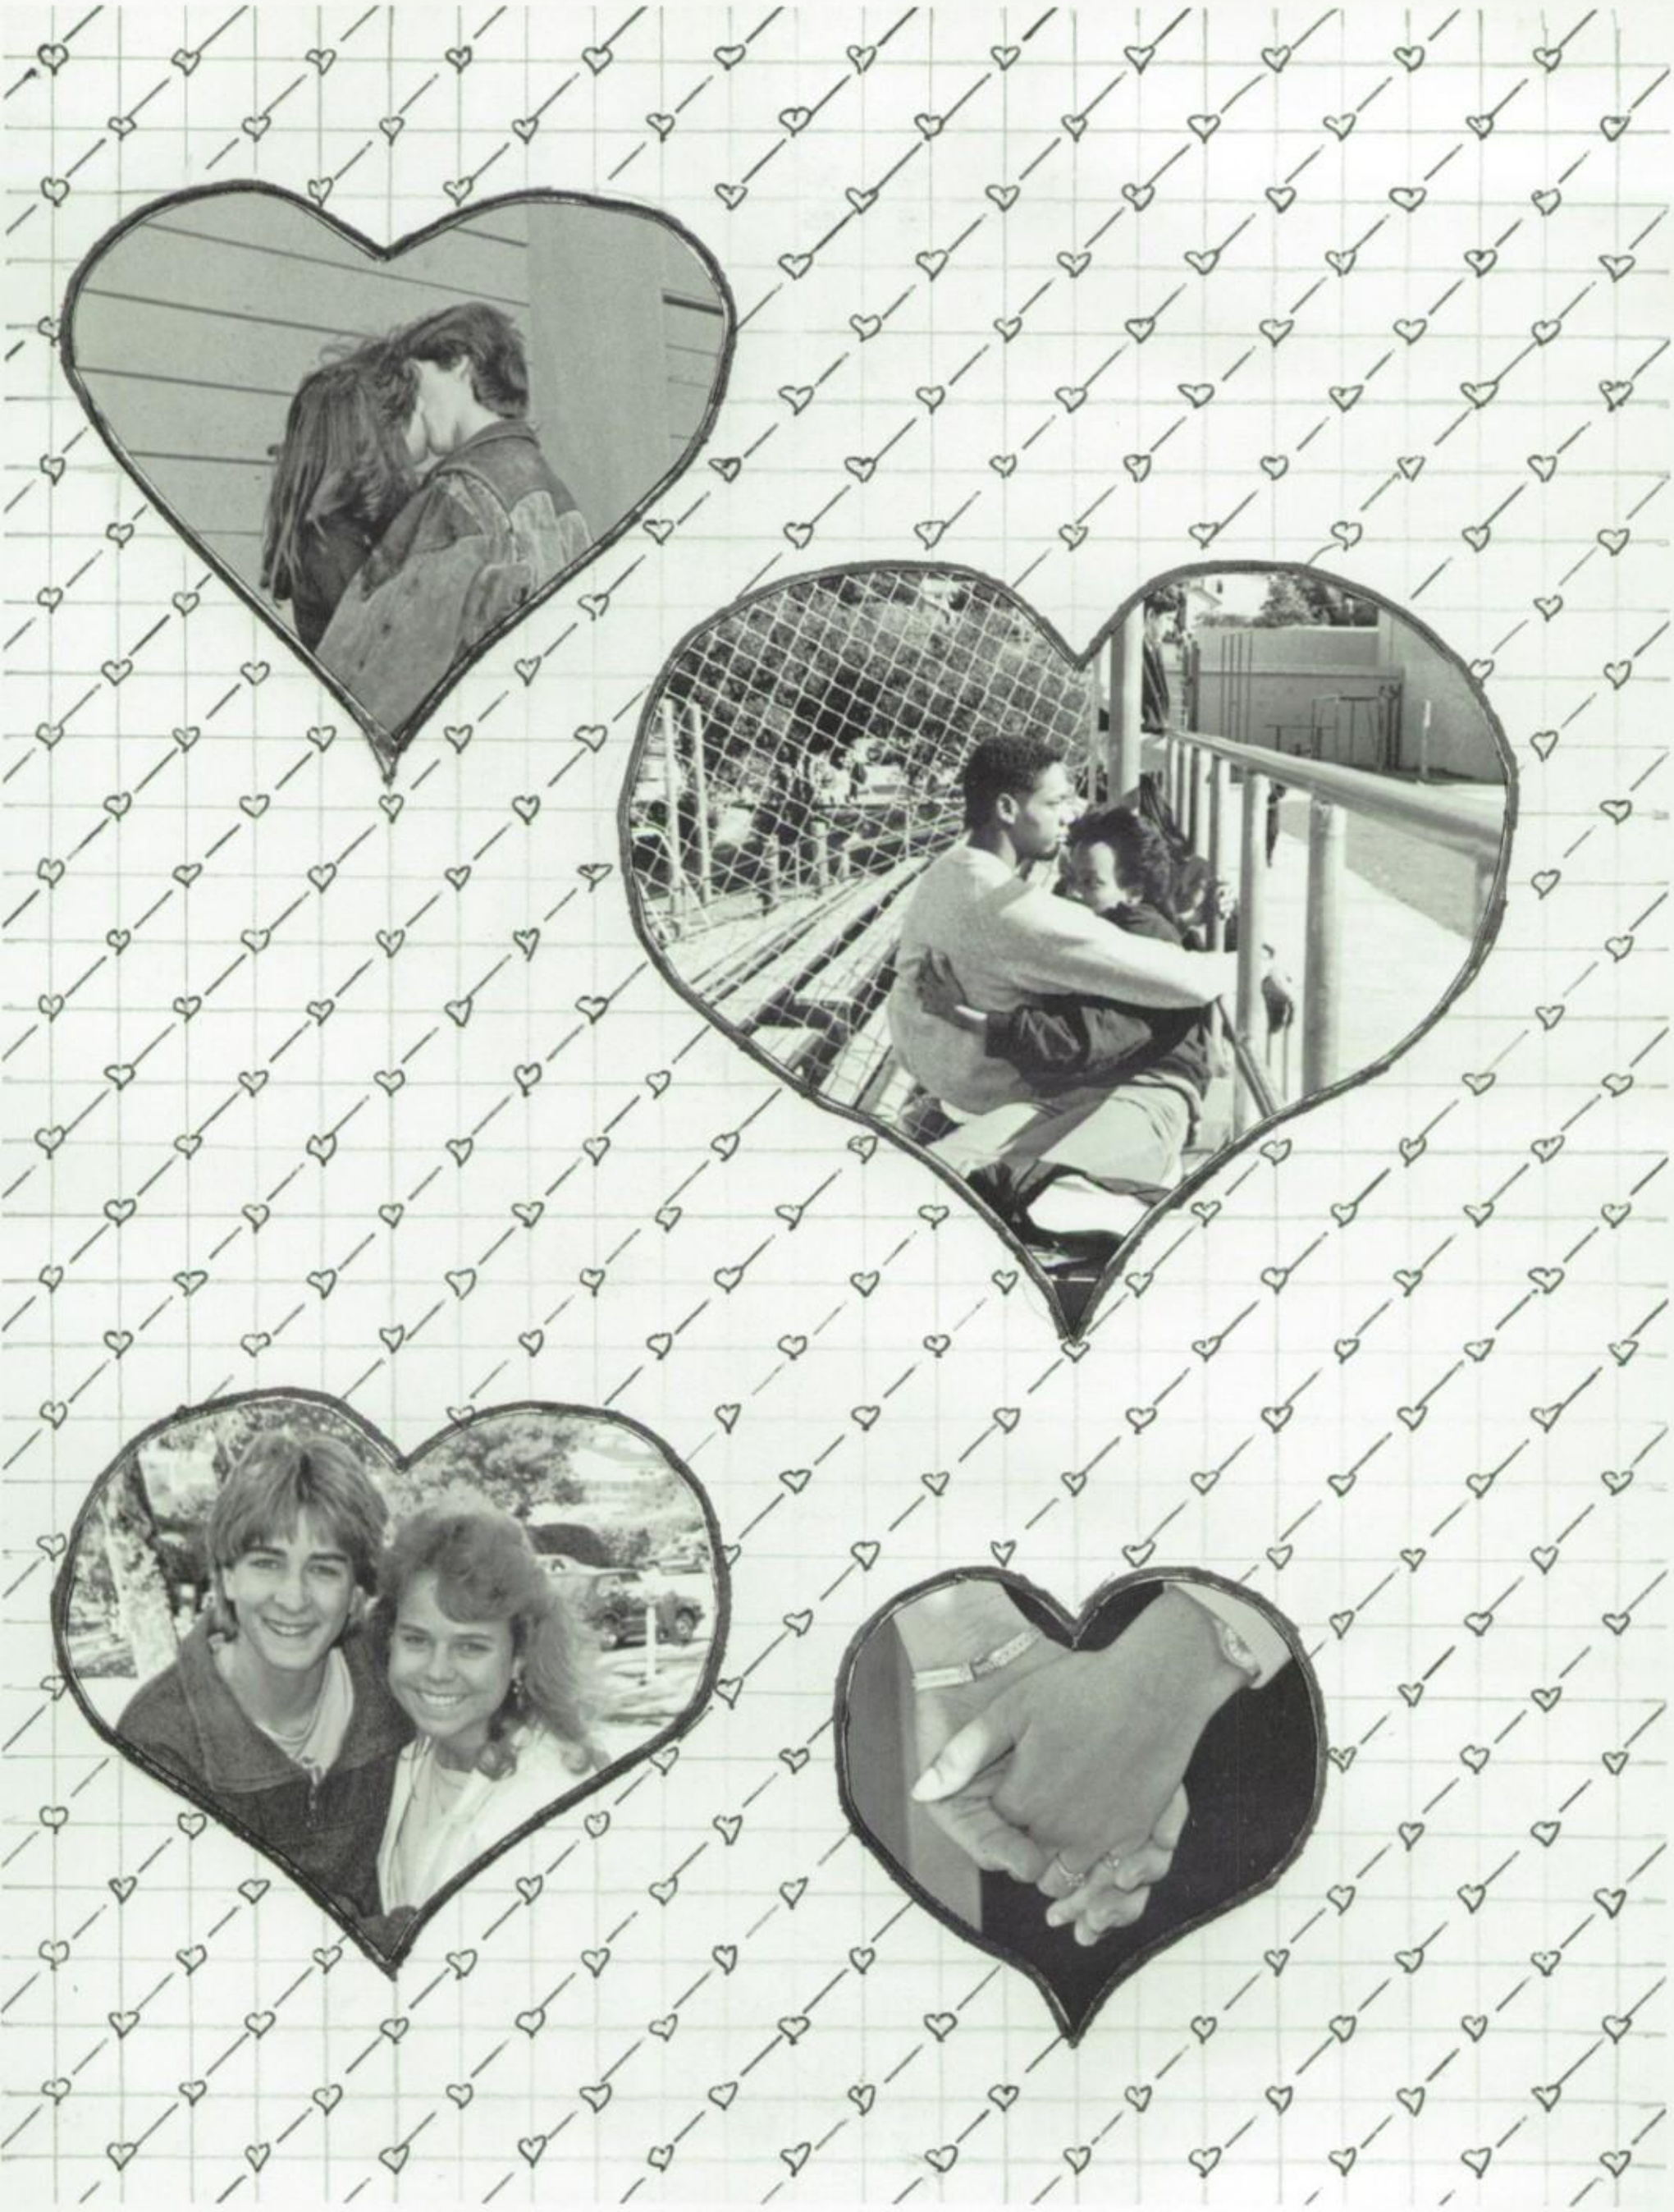
Valentines Day

The celebration of Valentine's Day probably originated in the Roman festival of Lupercalia. During this feast, Roman boys and girls drew lots that would pair them off in courtship for the following year. Later this custom became associated with St. Valentine. According to some traditions, however, February 14th was chosen as the day to honor lovers because, in many countries, birds began to mate at that time of year.



Friends of Millard Fillmore

Triviality at Its Best

What was the restaurant in which Popeye's friend Wimpy would dine out for a hamburger? What is the "dog kid's love to bite"? Who was the 13th president of the United States?

However easy those first two questions may be, the last one is probably the most puzzling when we tell you that it was Millard Fillmore, born in 1800 and the most unknown president ever to hit this earth. That's why, in his honor, the Friends of Millard Fillmore Trivia Club chooses each year to search pointlessly for insignificant and quite unimportant answers to what were inane questions in the first place. This year's president, Jenny Lapin, led Carlmont's team "Millard's Kids" to a 6th place out of 14 (pretty good for Carlmont!) and once again captured the prestigious Belmont Cup.

This weekend-long event began Friday afternoon when the bonus round was held; Carlmont's spirit showed through as we cheered especially for ourselves and wore our ceremonial togas. That set off our determination to slaughter some of our rivals including Notre Dame, Sequoia and a special team that came down from Oregon. The weekend was composed of running to libraries to get some essential but trivial information, and even to some Perrier distributors to get documentation on "the world's first soft drink". The Carlmont team was on time with their answers too, which is a miracle. Even though none of the members will probably ever eat pizza or cookies again, you can be sure that they will remember the two long nights spent searching for answers to ambiguous questions, running around trying to find a Wheaties box with one certain picture on it, and most importantly, getting together with their zany friends to have THE ultimate weekend.

SOCK HOP

This year's Sock Hop was sponsored by the Senior Board. The dance, held in the Student Union, was attended by many an excited student. The traditional "A-bop bop a loo bop" music was exchanged for the more modern sounds of the Beastie Boys and Bon Jovi.

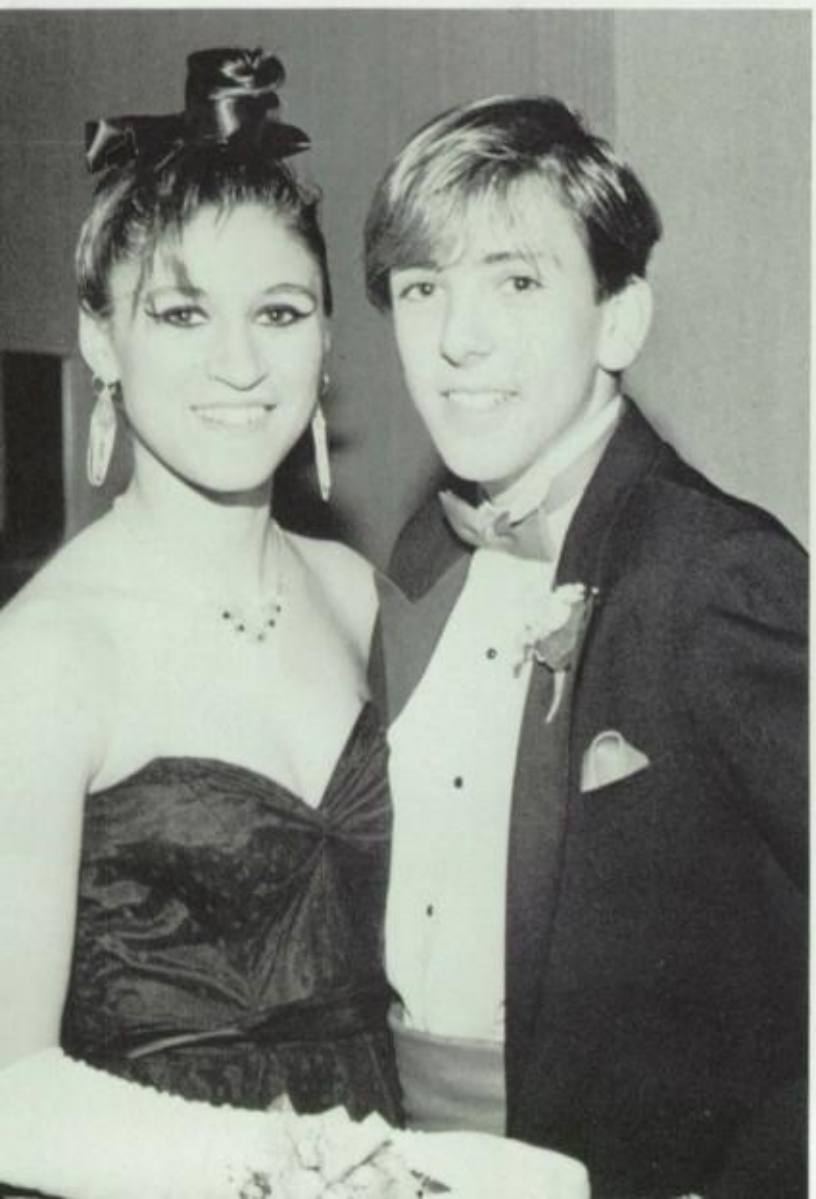
THE EBONY AND IVORY BALL



A LOOK AT OUR PAST

During this year, the junior U.S. History classes enacted various tribunals. They ranged from North vs. South to the Boston Massacre to The Assasination of Abraham Lincoln. During these court cases the defense and prosecution lawyers battled it out while the jury, consisting of students, tried to make a decision. The witnesses were sworn to tell the whole truth and nothing but the truth (but that didn't stop all from telling their little white lies!). Not only did these trials enable the students to have a better understanding of our American history but they showed us who will be the future lawyers of America!

When a Sub Comes

You walk through the door and what do you see? A SUB!! Many wonderful things run through your mind...

1. Who, you wonder, can you switch seats with?

2 Tell the sub that the regular teacher ALWAYS lets us work in groups

3. Tell the sub that the bells aren't working and we get out in about ten minutes.

4. Tell the sub that we have fire drills once a week in the middle of this class period.

But today's sustitutes are quite a bit more intelligent. They won't let you get away with anything. SO WHAT CAN YOU DO?? Well, the only solution that is left is to CUT!!

Words of Wisdom

Would you take any of these bits of advice from our administrative staff? FASMAN:Don't give up on people, especially family. CROSS:You have received much. Your debt to your parents and the community is great. Repay the debt through a life time of constructive participation in your community. KOVAS: Always be the best you can be. NEWTON: You don't know what you can achieve until you try. MAHAFFEY: Explore your options, give your best. Time is short. REED: No matter what your goals may be, the pay off is that you make a positive contribution to your family and community. Accept Number 2 if 1 is beyond your abilities! DOLPH: Set your sights high. Reach for the impossible. Strive for excellence. Anyone can settle for Second best. LANSBERRY: Always do your best! REYNOLDS: Visualize your goals, write them down, talk about them, and they become real. SHANNON: Don't smoke, don't drink and drive. MAHER: Be open minded. GOELZ: Keep learning. MORROW: Continue your education. PAULUS: You are entering a labor market that is very competitive. Be prepared and be ready to accept new challanges. Did You Know...?

Here are some interesting little facts that the yearbook staff gathered about some of our Carlmont teachers.

1. The Price Club is Mr. Trask's favorite place to shop and he wants to be buried there when he dies.

2. Mrs. Dolph owns her own business called "Rags by Roz".

3. One of the things Mr. Digre does in his spare time is training and showing horses.

4. Mr. Dean is a registered florist and owns a flower shop in the city.

5. Mr. Marks is building a ranch in Pescadero — legally, of course!!

6. Mrs. Warr served hors d'oevres for Mrs. Mahaffey when she was five. She liked it so much at Carlmont that she came back as a teacher.

Watch Us Play

The gun sounds, and it's official. The Carlmont Scots football team has won their first game of the year against Serra. The score, 14-0. The fans that gathered to watch on this sunny Saturday go wild.

This was just the start of a great season. The team went on to a record of 7-3. There were many outstanding players throughout the season.

In the final game against Sequoia, spirits were soaring. The stands were packed with anxious fans who wanted to see a victory on this cold night. It was a struggle to the finish with Carlmont scoring in the last few minutes of the game. At last, the gun sounded, awarding us with another victory to end this action-packed season.

The Time Is Now

This year's vollyball team had a variety of players. The only returning seniors were Marie-Clare McKenna, Danielle McMahon. Carrie Morrison, and Ann Villanueva. There was only one junior, Debbie Gagamoe, and two new sophomores, Jeanette Bosch and Grace Lau. Completing the varsity team was Katie Barnes, a senior who transferred from Ohio.

The beginning of their season was rough, but as the season progressed, they improved, perhaps playing their best game against Aragon. They beat them 15-0 in the final match. Truly the highlight of their season.

Better Timing This Year

This year the girls' tennis season started off with Carlmont's first varsity win in two years. The improvement made by last year's players plus the new members who had some experience before were both important assets to our school team.

A marked improvement was made as the game matches became closer in scores like 5-6 compared to the past's 0-6 losses. Indiviuals won several matches for Carlmont's 1986 team.

In Varsity, we have our two seniors on the team, Courtney Westphal and Carolyn Etherton. They've played for several seasons and will be missed next year. Our team also had one outstanding freshman, Jessica Berry, who made it to number 2 on varsity singles.

Many of the freshmen who played on the team for the first time did a very good job. Their improvement will undoubtedly help the team in future seasons.

MAKING TIME

"Look out for that truck!"
"NO! You can't make a U-turn on a red!!"
"THE RIGHT SIDE! TO THE RIGHT!! WE'RE NOT IN %∂*$∂% ENGLAND YOU KNOW!!"
These were just a few of the helpless cries of Carlmont's Drivers Education teachers who devote their lives to teaching the future drivers of America how to stay on the road. This class is a required course for every Sophomore. The course is split into three parts: Safety Education, Drivers' Ed., and Drivers' Training. Drivers Education is dedicated to teaching the rules of the road and watching gory movies. The behind-the-wheel part, most looked forward to by students and most dreaded by instructors, undoubtedly brings the most entertainment of the year to both. Among the new instructors to join this year's crew are Mr. Steele and Mr. Cavender. Hopefully their hard work and dedication has not gone to waste and a new year's worth of mature, lawabiding, responsible drivers has been released upon the world's roads.

Look! It's the Asian Invasion!

Because of all their proud Asian officers, the sophomore class decided to follow up with the Asian theme "Wok the Wildcats". In accordance with this theme they designed a banner that won the event, and they also built a ceremonial float that finished second in the float competition; this eventually led them to finishing second in the entire Homecoming week. Good job Sophomores!

Well, it's about time! Don't you think so? After a whole school year of cramming, staying up to study, limited funtime and being known as lower classmen, we are finally going to be seniors! All our hard work didn't go to waste.

Summer's here. Let's take a breather and have some fun. Next year, we're coming back for our fourth year of the four years we are to spend at Carlmont High School. Just remember, we're great! We're the class of 1988.

TIME TO MOVE ON...

...to bigger and better things. Our life is now our own decision, our destiny is in our hands. It's been a time to grow, to learn, to laugh, to cry, and to live. We've grown together but now it's our turn to take over. We are now responsible for everything we do.

This school's filled with years of memories; some good ones and some bad ones. Some were joyous and some were disappointing, but they've all shaped the way we are. The past will forever remain in our minds, thoughts, and our actions. Memories that we have gathered will be kept in our inner soul.

Remember the past and learn; look to the future and live. Nothing can hold us back. Let's proceed with our lives, but let us never forget the people and the places that formed who we are and what we are.

IT'S TIME TO MOVE ON!!

In Memory of Geoffrey Bausch

Geoffrey came to Carlmont last year as a freshman after graduating from Ralston with a standing ovation. Geoff's doctors first discovered he had a tumor in November of 1984. After undergoing months of therapy, he was given a clean bill of health in November of 1985.

Geoff was a straight A student in his freshman year and was well-liked by his teachers. He was looking forward to his sophomore year, but another tumor was discovered on June 30, 1986.

Again he began undergoing chemotherapy, but he passed away on August 2, 1986, after contracting a virus, which he couldn't fight due to diminished strength.

He will be sorely missed by everyone here at Carlmont. His spirit will continue to live on in the heart of those who knew and loved him. He should serve as an example and an inspiration to us all.
